Experience less stress and more success on every deal with our **Dedicated Services Group** in your corner. Enjoy round-the-clock support in 140 languages and exclusive service features like:

### DEDICATED CUSTOMER SERVICE MANAGERS (CSM)

A single point of contact who knows your markets and your deal, for global team support and expert guidance

### CLIENT ASSIST TEAM

We do your heavy lifting – from VDR setup through closing – so you can focus on the deal

### AFTER-HOURS CSM

Full-team 24/7 capability and service support in every region

## Simple.

- **Frictionless setup** – Use Advanced Deal Prep to organize deal documents before going live, with no contract or upfront costs
- **Optimized processes** – Enhanced drag-and-drop capability lets you rename and upload files and folders in bulk
- **Intuitive UI** – Switch between data rooms, manage users, access reports simply and smoothly
- **Streamlined access** – Add users to your data room quickly and easily

## Smart.

- **Integrated AI Redaction** – Leverage artificial intelligence to easily redact PII and other sensitive content from documents inside the data room, saving time and reducing risk
- **Detailed reporting** – Share key VDR metrics with deal team members to keep everyone informed and aligned
- **Real-time insights** – Easily track and share group, user and document level activity in your VDR through a customizable dashboard to help measure engagement

## Seamless.

- **Automated index** – Dynamically organize your VDR without the need to constantly update the index
- **Powerful Q&A** – Simple, easy-to-use Q&A helps move your deal toward the finish line; bulk import of questions, priority level and access level are all easy to control
- **Video support** – Tell your story using video with Zoom Integration
- **Mobile flexibility** – Anytime, anywhere access to key data room capabilities and insights – even when you're on the go
- **Fully integrated** – VDRPro is a key component of DealCentre™, a powerful platform designed to speed and simplify every aspect of the deal lifecycle

## Secure.

- **Platinum certification** – The industry's first VDR to earn ISO 27701 certification – the standard in data privacy
- **Easily share...and UNshare®** – One-click to enable and one-click to retract a document with advanced information rights management
- **Robust watermarking** – Flexible and customizable, saving you time and effort
- **Turnkey permissions** – Granular and easy to control to ensure the right users have access to the right documents
- **Holistic security** – GDPR-compliant, encrypted archives, in-region data storage and processing
